Annexure – C to the Independent Auditors' Report on the Standalone Financial Statements

(Referred to in our report of even date to the members of PFC Limited on the financial statements for the year ended 31 March 2018)

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013("the Act")

We have audited the internal financial controls with reference to financial statements of Power Finance Corporation Limited ("the Company") as of 31 March, 2018 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls with reference to financial statements that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI prescribed under Sub-section 10 of Section 143 of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A

company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of the Management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note - Part – B (SIGNIFICANT ACCOUNTING POLICIES)

1. (a) BASIS FOR PREPARATION OF FINANCIAL STATEMENTS

The Financial Statements have been prepared in accordance with historical cost convention on accrual basis in accordance with Generally Accepted Accounting Principles (GAAP) in India, which comprise applicable statutory provisions, relevant provisions of the Companies Act, 2013, applicable regulatory norms/guidelines prescribed by the Reserve Bank of India (RBI), Accounting Standards issued by the Institute of Chartered Accountants of India (ICAI), and prevailing practices.

(b) USE OF ESTIMATES

The preparation of Financial Statements requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) as on the date of the financial statements and the reported income and expenses during the reporting period. Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ from these estimates.

SIGNIFICANT ACCOUNTING POLICIES

2. RECOGNITION OF INCOME/EXPENDITURE

2.1 Income and expenses (except as stated below) are accounted for on accrual basis.

2.1.1 As per applicable RBI directions, income on non-performing assets is recognized in the year of its receipt and any unrealized income recognized in respect of such assets is reversed.

2.1.2 Income under the head carbon credit is accounted for in the year in which it is received by the Company.

2.1.3 As per applicable RBI directions, income from dividend on shares of corporate bodies and units of mutual funds are taken into account on cash basis. Provided that the income from dividend on shares of corporate bodies is taken into account on accrual basis when such dividend has been declared by the corporate body in its annual general meeting and the right to receive payment is established.

2.2 Rebate on account of timely payment by borrowers is accounted for, on receipt of entire amount due on time.

2.3 Discount / financial charges / interest on the commercial papers, zero coupon bonds (deep discount bonds) and discount on bonds under external commercial borrowings are amortized proportionately over the period of its tenure.

2.4 Arrangement fee in connection with long-term foreign currency borrowings are amortized to the Statement of Profit and Loss over the tenure of the loan.

2.5 Expenditure on issue of shares is charged to the securities premium account.

2.6 As per applicable RBI directions, income from bonds and debentures of corporate bodies is taken into account on accrual basis, provided that the interest rate on these instruments is pre-determined and interest is serviced regularly and is not in arrears.

2.7 Recoveries in borrower accounts are appropriated as per the loan agreements.

2.8 Prepaid expenses upto ₹ 5,000/- are charged to natural heads of account.

3. TANGIBLE ASSETS/DEPRECIATION

- 3.1 Tangible assets are shown at historical cost less accumulated depreciation, except for the assets retired from active use and held for disposal, which are stated at lower of the book value or net realizable value.
- 3.2 Additions to tangible assets are being capitalized on the basis of bills approved or estimated value of work done as per contracts in cases where final bills are yet to be received / approved.
- 3.3 Depreciation on tangible assets is provided on, original cost of the asset reduced by its residual value estimated from time to time, as per written down value method, over the useful lives of the assets as prescribed in Schedule II to the Companies Act, 2013 except for Cell Phone where useful life has been taken as 2 years as estimated by the Company.
- 3.4 Items of tangible assets acquired during the year costing up to ₹ 5,000/- are fully depreciated.

4. INTANGIBLE ASSETS / AMORTIZATION

- 4.1 Intangible assets such as software are shown at the cost of acquisition less accumulated amortization, and amortization is done under straight-line method over the life of the assets estimated by the Company as 5 years.

5. INVESTMENTS

- 5.1 As per applicable RBI directions, quoted current investments are valued category-wise, at lower of cost or market value.
- 5.2 Unquoted Equity shares held in a borrower company, on account of conversion of loan asset classified as non-performing asset, are considered as current investments and such Equity Shares are valued at Rupee One. Depreciation in value in these Equity shares is not set off against the appreciation in any other securities held under the 'current investment' category.
- 5.3 Long term investments are valued at cost. Provision is made for diminution, other than temporary in the value of such investments. However, diminution in value is reversed, when there is rise in the value or if the reason for the reduction no longer exists.

6. ASSET CLASSIFICATION AND PROVISIONS

6.1 BASIS OF ASSET CLASSIFICATION

Loans & other credit facilities and lease assets are classified into the following classes, namely:

- 6.1.1 Standard Assets: Standard asset means an asset in respect of which, no default in repayment of principal or payment of interest is perceived and which does not disclose any problem or carry more than normal risk attached to the business.
- 6.1.2 (i) An asset is considered as non-performing asset (NPA) and sub-categorized as Sub-standard, Doubtful and Loss Asset, as mentioned below:

As at	NPA (loan assets excluding lease assets)	NPA Sub-Categorization (all loan assets including lease assets)		
		Sub-Standard	Doubtful	Loss
31 st March 2017	Overdue for 4 months or more	NPA for a period not exceeding 14 months	NPA for a period exceeding 14 months	(a) Asset identified as loss asset by the Company or its internal or external auditor or by RBI
31 st March 2018 and	Overdue for 3 months or	NPA for a period not exceeding 12	NPA for a period exceeding 12	during inspection of the Company, to the extent it is not

thereafter	more	months	months	written off by the Company and (b) Asset adversely affected by a potential threat of non-recoverability due to either erosion in the value of security or non-availability of security or due to any fraudulent act or omission on the part of the borrower.
------------	------	--------	--------	--

(ii) For the purpose of asset classification and NPA provisioning, facilities granted to Government Sector and Private Sector Entities are considered borrower-wise, other than Government Sector loans which are considered on project-wise basis provided cash flows from each project are separately identifiable and applied to the same project.

(iii) The classification of project loans as a sub-standard asset is also done as per the RBI norms for restructured advances. Further, in case of a Government Sector account, if the project has not commenced commercial operation within the date of commencement of commercial operation (DCCO) envisaged at the time of financial closure (or revised DCCO within the permissible thresholds as given in RBI Norms for restructured advances), the classification is done project-wise instead of borrower-wise (as exempted by RBI till 31.03.2022).

(iv) A lease asset, in respect of which installment / rental remains overdue for a period of six months or more, has been classified as non-performing asset. However, with effect from 31.03.2018, a lease asset is classified as NPA if it remains overdue for a period of 3 months or more.

6.2 PROVISIONING AGAINST STANDARD ASSETS, RESTRUCTURED STANDARD ASSETS AND NPAs
